SD14: Updated schedule of main modifications to the Purbeck Local Plan (8 November 2019)

What are modifications?

1. Council's should only submit a local plan for examination if they think that the document is ready. Planning laws and national planning policy outline the legal / procedural requirements which must be considered when preparing and drafting new local plans. National planning policy describes the tests for soundness. Modifications are changes to a published draft local plan that materially affect its policies.
2. The Council is satisfied that the Purbeck Local Plan (2018 – 2034) meets the soundness tests. The 'Self-assessment of soundness' and 'Outline of procedural and legal compliance' provide detailed justification for the Council's decision to submit the local plan for examination.
3. Despite this, the Local Plan examination process frequently results modifications being made to the plan. Modifications may be suggested as a result of: regulation 19 responses; advice from the inspector during the process of the local plan examination; and in response to other queries raised during the examination process.

The Council's approach to modifications to the Purbeck Local Plan pre-submission draft (October 2018)

4. Within this document, suggested modifications are made to the plan for consideration by the inspector. So at this stage, they are for information only and the Council considers the plan sound without them. The modifications set out: (i) the main modification number; (ii) the policy or paragraph to be changed; (iii) the possible change; and (iv) the reason for the change.
5. If the inspector chooses to find the plan sound with these modifications, or a variant of them, the Council will consult with those who have expressed an interest in being kept up to date with the Purbeck Local Plan process.
6. The Council notes that the precise arrangements for further consultation will need to be agreed (taking account of 'Procedural Practice in the Examination of Local Plans (2016), bullet points at paragraph 5.27).
7. The Council recognises that the suggested schedule of modifications may need to be subject to Sustainability Appraisal and Habitats Regulation Assessment.
8. The modifications are arranged in policy order and reflect the structure of the Purbeck Local Plan [SD1a] (as a consequence the modification references do not run in sequence).
9. If the inspector is minded to recommend that changes are made to the plan, this document would provide a platform from which the inspector and the Council can consider the specific wording.

MM28	Purbeck Local Plan timings and next steps	<p>Amend wording under the title of Purbeck Local Plan timings and next steps as follows:</p> <p>'The Purbeck Local Plan 2018-2034 Pre-Submission Draft was published for Regulation 19 comments from 22 October to 3 December 2018. <u>Examination in public took place during the summer and autumn of 2019. All representations received during the period have been submitted with this final submission version of the plan, along with supporting documents, to the Planning Inspectorate for examination by an independent inspector appointed by the Secretary of State for the Ministry of Housing, Communities and Local Government.</u></p> <p>The examination process is subject to the Planning Inspectorate's timeframes and resources. However, it is expected that the examination including oral hearings will take place in spring / summer 2019 and that this stage will be completed in early autumn 2019.</p> <p>Following the examination in public, the Inspector will publish a report. If the report finds the Purbeck Local Plan 2018-2034 to be "sound", the Council will formally adopt the plan. Once adopted, it will superseded the policies currently contained in the Purbeck Local Plan Part 1 (PLP1) adopted in 2012</p>	<p>In response to action 86.</p> <p>To provide clarity about the application of the plan following local government re-organisation and highlight the timetable for the delivery of a Dorset-wide plan.</p>

Adoption is anticipated to take place in late 2019.</p> <p><u>‘Reviewing Local Plans</u> <u>The National Planning Policy Framework (paragraph 33) recommends that policies in local plans are reviewed every 5 years and updated if necessary to take account of changing circumstances, changes in national policy and changes in local housing need. If it becomes apparent that local housing need is expected to change significantly in the near future then the relevant policies will be reviewed earlier than this.</u> <u>Application of the plan</u> <u>Following a recent local government reorganisation the area covered by the plan is now part of the new Dorset Council. This plan, when adopted by Dorset Council, will apply to the area formerly covered by Purbeck District Council. The new Dorset Council is already working on the production of a new local plan for the whole of the new Dorset Council area. MM45	Chapter 4, Housing, paragraph 110	<p>Amend text as follows:</p> <p>'The 2018 SHMA update indicates a local housing need of 168 homes per year. Using the standard methodology for calculating local housing need the Council has calculated an annual need for 180 new homes per year. For the period covered by this Purbeck Local Plan from 2018 to 2034 this equates to the need to provide 2,688 <u>2,880</u> homes across the District. The ratio between median house prices and workplace earnings in Purbeck in 2017 stood at 11.1. To take into account this overall challenge to affordability in Purbeck, in accordance with the government's standard methodology, the local housing need assessment incorporates a 42% uplift to take into consideration the need for affordable housing. Having thoroughly reviewed future opportunities for investment or economic growth in Purbeck, the Council is satisfied that no other special circumstances exist to justify identification of a higher local housing need.'</p>	<p>Council's response to action 12.</p> <p>The Council did not calculate local housing requirement applying standard methodology described in national planning policy and guidance.</p>

MM69	Chapter 4, Housing, Policy H3: New housing development	Amend criterion I as follows: I. include opportunities to enhance <u>avoid harm and secure net gains to</u> biodiversity when considering the layout and design of open green spaces and the development's landscaping scheme;	As a result of a response by Natural England. To better reflect NPPF.
MM6	Chapter 4, Housing, Policy H4: Moreton Station / Redbridge Pit	Amend text as follows: Land at Moreton Station/Redbridge Pit and caravan site, as shown on the policies map, will help to meet the District's development needs by providing up to 490 new homes and a 65-bed unit <u>extra care units facility, home</u> , community facilities and supporting infrastructure. The type of care home provided will be dependant on the changing needs of older people in Purbeck and in consultation with local health and social care providers. Delivery of the homes will be phased, commencing after the current use of part of the site as a sand and gravel pit has stopped (expected December 2022) and the site has been restored in accordance with the relevant minerals and waste planning permission. Subject to the requirements of other policies in this plan, development on this site will be expected to: a. <u>accommodate care designed in consultation with local health and social care providers to meet the changing needs of older people in Purbeck. The scheme should aim to provide:</u>	After response PLPP304 by Martin Miller on behalf of The Moreton Estate. Council's response to actions 34, 38, 55, 107 and 106. Criterion d is unclear. Unsure whether improvements are necessary to make the development acceptable / directly related to the development. Considered desirable
